WELCOME... *to our 23rd Quarter Horse Production Sale.*

Backed up by timely mid-summer rains, the grass and forage showed good growth, and the cattle and horses all have packed on the tallow and we are sure thankful. We rest in the decisions of our all-wise Creator to send us what is best.

Propelled by a passion for quality and performance livestock, we continue to build and develop our Hereford Cattle and Quarter Horse programs. Our cattle are worked horseback, and we remain a "saddle horse" outfit that uses horses to accomplish the daily ranching tasks. We ride the genetics that we breed.

The focus in our Quarter Horse breeding program remains centered on breeding and developing the ultimate ranch horse through an optimum blend of cow horse, arena performance and speed horse genetics. The outgrowth of this focus has produced horses that are genetically "arena ready" and are performing successfully in multiple disciplines.

The 2026 foal crop is headlined by freshman sire JA Rooster Rain, newly arrived veteran sire JA Sundust Colonel, and represents a move closer to our ideal as a breeder. We are excited to present the foal crop, which includes our long-standing genetics with some new sires stirred in, and we believe they continue to move us in a good direction in our breeding program. Stay tuned for our 2027 foal crop, which will feature offspring of Wily Topaz and JA Frosted Letters.

The saddle horses are an outstanding group of young, home-raised horses along with older, seasoned mounts consigned by family, friends and ranch employees. The quality runs deep in this group. We look forward to watching them continue to perform. The goal is to meet the needs of our customers, whether you are a rancher, arena performance rider, or a pleasure rider.

Also, the select offering of broodmares right out of the heart of the broodmare band represents a great opportunity to acquire some of the genetics and quality that have propelled our program through the years.

We welcome Hanging b Quarter Horses and Bar HH Quarter Horses as guest consignors.

Feel free to call and visit with us or any of our crew about the horses and get familiar with the offering.

We are looking forward to seeing all of you at the Sale on October 8th!

Read Romans 8:28, believe what it says, and there is the foundation we stand on.

Dallypost Parrdunme (Pard) & Mares

In 2012 we started pasturing a broodmare band for Dwight Hill from Rexburg Idaho. Dwight is an exceptional horse breeder and one of the best horsemen I've had the pleasure of working with. He's spent a lot of years putting together an outstanding horse program producing horses that are good looking, athletic, good minded and well suited for many different disciplines, from the arena to making lots of miles in big country. Many of the mares go back to a great stud called Smokes Cheeta that Dwight bought as a weanling in the late eighties, trained and took to Reno as a four year old, winning Top Horse at the Reno Ranch Hand Rodeo and later several open bridle horse championships. He is out of a son of Mr. Gun Smoke and Docs Cheetah, a daughter of Doc Bar. Most of the mares Dwight sent to our place went back to Smokes Cheeta and accompanying them was Dallypost Parrdunme. With Sugar Bars, Zan Parr Bar, and Two Eyed Jack in his lineage, good conformation, and a kind disposition Dallypost Parrdunme produced some outstanding horses for us. His offspring have generally been good minded, good looking, athletic and very cowy, quite often with a tendency to be cow biters. We had to send Dwight's mares home a number of years ago because of drought but kept a lot of fillies out of them. These now make up Arctic Boon Cat's mare band. Pard stayed here as well until his death a couple years ago at a ripe old age.

Arctic Boon Cat

"Skundi" has been an outstanding addition to our program. Sired by Once in a Blu Boon who has lifetime earnings of over $300,000 with offspring earnings of over $14 million, and grandson of all time leading cutting horse sire Highbrow Cat on the dam's side, he brings a powerful dose of genetics to the table. Standing around 15 hands with good foot and bone his disposition has always been outstanding. Easy to start, I was roping calves in the pasture on him after only about 15 rides. He's cowy, good minded, and passes these traits on to his colts.

DALLYPOST COWBOY

REFERENCE STALLION

DALLYPOST COWBOY (GRUMPY)

"Grumpy" is by Dallypost Parrdunme and out of a mare called Sevens Cowboy Diva that Jessie bought in 2005 from Bill and Rita White of Ashby NE. She was out of Bill's stud, Suns Cowboy a grandson of Doc Olena and great grandson of Sugar Bars and Peppy San, that Bill showed successfully a lot in the Midwest. The mare, A Brandy Twist, was a granddaughter of Docs Lynx and great granddaughter of Two Eyed Jack. Every colt or filly that we got out of Darlin was extremely easy to start and had a real "stay broke" kind of mentality. Grumpy himself was very easy to start and has proven himself in every kind of ranch work from dragging calves to starting colts. He's got a lot of grit, is very cowy (kind of a cow biter), and has maintained his composure in some situations that might have gotten you in a wreck on a lot of horses. After Pard died a few years ago Grumpy took over his mare band and we've been really happy with his offspring.

This filly is one that I debated keeping for a broodmare. She's always been an eye-catcher and is just going to get fancier. She will grow up to be a good-sized mare, probably around 15.2 or 15.3, and will have the athletic ability and mind to excel as a performance horse or just a fancy ranch horse or broodmare. She's got plenty of life and is very responsive but seems to be very good-minded. If you're looking for a fancy, cowy, athletic mare, check this one out. Call Ty at 605-210-0242.

Good withers, a nice build, and a good mind make her a very promising young mare. She will mature to be stout and as shapey as they come. Her older half sister by Dallypost Parrdunme went through the sale last year after some quality training from Adrian High. I got to ride her in the weeks leading up to the sale and was impressed by her. Built solid and shapey with plenty of cow she was pretty cool. This filly has the added touch from the good dam of Dallypost Cowboy, Sevens Cowboy Diva, a daughter of Suns Cowboy by Mr Sun Olena who always raised super easy, good-minded horses for us. This colt is pretty special. We leave our colts out with the mare band until well into their yearling year so he only got brought to the place a few weeks ago. Most of them get roped when I catch them the first time in the round corral, but not Cowboy. I walked up and caught him just like catching an old saddle horse. Being out of Baywater Grace and sired by Dallypost Cowboy, I expected him to be good-minded and easy to start, but I think he might surpass expectations. He will mature to be big, pretty, and ought to be as friendly as they come. Don't miss him on sale day! Call Ty at 605-210-0242.

With the combination of Arctic Boon Cat on the top and being out of a good daughter of Dallypost Parrdunme and the Baywater Grace mare that has given us so many good-minded horses through the years on the bottom, she ought to be one that you'll never be sorry you bought. Josh Rutherford, who put a nice start on a pile of colts for us through the years, started her older sister last fall and said she was one of his favorites. 2011 · Paint Gelding · # Grade · 10.0

Romey the pony has been around my family for the last 11 years. All the kids have grown up riding and using Romey. Now that they have all outgrown him, it is time to let another family enjoy him the way we have. Romey has been ridden all over the yard, in the pasture with the big horses, is broke to drive and rides well. I have countless videos and pictures of Romey and the kids over the years; there are just too many good things to say about him to say in a note. Not a mean bone in his body and every kid loves him; he has also been to the school yard for show and tell and was a big hit. Romey will be missed in the family, but always remembered. 2019 · Paint Gelding · # Grade · 12.2

"Toffee" is that hard-to-find size in ponies and is a great "next step" for younger riders. We haven't found anything he isn't good at, whether you ride out alone or with a group or up and down the hills. He's gentle every day and will walk, trot, or lope, whatever matches the riders' mood. He's ok being a pet or a working partner, whichever your family prefers. Would fit into the rodeo pony scene without a lot of pushing. He's right in the prime of his life and can be a long-term companion for your youngsters.

134 Piper

2023 · Gray Gelding · # Grade · 8.0

Piper is a three-year-old gelding that stands 31" tall. He enjoys standing for a good brushing by the youngsters or whatever other activities they have in mind. He's easy to handle and when you have him saddled and bridled, he enjoys going slow. He has a slow trot that is easy to sit and will lope if the rider knows how to ask for it. He has been a confidence builder for our children and is ready to be a confidence builder for your young riders. His preferred company is small youngsters. Check out Piper!
